His Majesty King Harald V of Norway

Your Majesty,

It is with grief that I have followed the news of the terrorist attacks against the government headquarters in the capital Oslo and the youth summer camp causing multitudes of deaths and injuries.

And while I condemn such a crime against Norway and its peaceful people, I would like to assert that Lebanon will stand by Norway's side to overcome the repercussions of this incident.

Furthermore, I look forward to strengthening our cooperation to combat violence and terrorism and to bolster the pillars of peace and justice in the world.

Finally, I pray God Almighty to grant the friend State of Norway his grace.

Wishing You good health and peace, and Your country security and prosperity.

*General Michel Sleiman
President of the Republic of Lebanon*
